

Success Story

EXPERT OPINIONS

We work with SMEs in the tech industry worldwide and help them reach out to international investors. We noticed that we spent a lot of time managing valuation-related expectations on fair enterprise value. Valutico changed the game for us. We started using the software to do an upfront valuation in house, rather than analyzing the valuations brought to us. This made a big difference.

Martin Theyer,
Managing Partner, PKF
Austria

PKF is a team of auditors, tax advisors, and financial consultants with a global presence and over 17,000 employees. About 300 of those employees are based in Austria. The Team works with a variety of clients, including startups and SMEs seeking funding.
